

MAR COR PURIFICATION LAUNCHES COMMERCIAL & INDUSTRIAL WATER SYSTEM PRODUCT LINE

Burlington, ONT (October 12, 2006) - Mar Cor Purification introduces a new line of water purification systems and equipment designed primarily for commercial and industrial applications. Typical applications include but are not limited to; boiler feed, humidification, parts washing, chemical mixing, metal finishing, and other specialty applications that require or benefit from high purity water.

The company designs and builds custom and pre-engineered complete water purification systems. Product offerings include; Reverse Osmosis (RO) series machines 3300, 4400, and 8400 that produce 0.5 to 300 gallon per minute (gpm), Electrodeionization (EDI) systems, RO/EDI combo skids, automatic single and twin-alternating water softeners, and backwashable filtration systems. All of these systems are assembled in a brand new manufacturing facility that is ISO 9001:2000 certified. For a free copy of Mar Cor Purification's Engineering Binder, call Kristen Peek at 1-800-328-3370.

Mar Cor Purification now has service offices in 15 cities in the US and Canada with six ion exchange resin regeneration plants strategically located in Atlanta, Boston, Chicago, Philadelphia, Montreal and Toronto. They offer support with design engineering capabilities, 24/7 service coverage, field application sales, experienced service technicians, and a fleet of stocked service vehicles. Mar Cor Purification is dedicated to providing innovative solutions through filtration, water, and disinfection technologies. As a wholly owned subsidiary of Cantel Medical Corp. (NYSE:CMN), Mar Cor Purification is uniquely positioned to offer the medical, life science and industrial marketplace hollow fiber membrane filtration, complete water purification equipment and services, and proven sterilant products. We deliver value to our customers by improving product quality, reducing operating costs, protecting capital investments, and safeguarding people's lives. For more information on Mar Cor Purification, visit our website at <http://www.mcpur.com>.

Cantel Medical Corp. is a leading provider of infection prevention and control products in the healthcare market. Our products include specialized medical device reprocessing systems for renal dialysis and endoscopy, dialysate concentrates and other dialysis supplies, disposable infection control products primarily for the dental industry, water purification equipment, sterilants, disinfectants and cleaners, hollow fiber membrane filtration and separation products for medical and non-medical applications, and specialty packaging for infectious and biological specimens. We also sell scientific instrumentation products, provide technical maintenance for its products

and offer compliance training services for the transport of infectious and biological specimens. For further information, visit the Cantel web site at <http://www.cantelmedical.com>
